

Sent our way by Mountain Leisure? Welcome.

Odds are we're the crew that installed your hot tub. Mountain Leisure trusts us with most of their installs in the High Country — and when their customers need a builder, for anything on the house, we're the ones they send them to.

Mountain Leisure Hot Tubs recommends High Country Home Pros — installs, remodels, decks & construction of every kind.

Whatever they sent you here for, we build it.

One local crew covering every residential trade — so the builder who set your spa can take on whatever your mountain home needs next.

Remodels & Carpentry

Kitchens, baths, whole-home — rough-in framing to finish trim

Decks & Deck Supports

Footer-to-completion; reinforcement built to carry a filled spa

Hot Tub Install & Care

The install crew behind most Mountain Leisure spas up here

Louvered Privacy Enclosures

Light and breeze in, neighbors out — built around your tub

Tile & Stone Work

Showers, backsplashes, floors, and stone features

Every Other Trade

Roofing, drywall & paint, log cabins, water & drainage, more

01 We return calls

Make one call, not a hundred. Missed you? We call back — guaranteed.

02 We show up on time

A lean schedule means we start sooner than anyone in the High Country.

03 We finish every job

Once we start, we're on it until it's done. Every single time.

Tell us Mountain Leisure sent you.
